PROFESSIONAL SUMMARY

Digital marketing professional with hands-on experience in campaign analytics, CRO, multi-channel attribution, and paid media. Certified in GA4, HubSpot Digital Marketing, Performance Marketing, and AI-Powered Marketing. Analysed \$1.2M+ in multi-channel ad spend, built CRO-optimised landing pages, and standardised UTM tracking across 50+ campaigns. Seeking a Digital Marketing Internship to contribute to data-driven campaigns and measurable growth.

CORE SKILLS

Digital Marketing: Campaign Management, Multi-Channel Marketing, Lead Generation, A/B Testing, CRO, Funnel Strategy, Email Marketing, Audience Segmentation

Analytics & Tracking: Google Analytics 4, Meta Pixel, Google Tag Manager, UTM Tracking, Multi-Touch Attribution, Performance Dashboards, ROAS Optimisation

Platforms & Tools: Google Ads, Meta Ads, HubSpot, Semrush, Canva, CapCut, Vercel, Git/GitHub

Web (Supporting): HTML5, CSS3, JavaScript, React.js, Next.js — used to build and deploy marketing tools

EXPERIENCE

Sales & Marketing Intern | Ifelse Techsmart Solutions Pvt Ltd · Aug 2023 – Nov 2023 · 12 Weeks

- Qualified leads through demographic trend analysis, improving lead quality by 15% and identifying high-potential customer segments for targeted campaigns
- Executed multi-platform digital campaigns driving a 10% uplift in customer engagement through optimised audience segmentation and messaging strategy
- Maintained client relationships and CRM follow-ups, sustaining a 95% satisfaction rate across all managed accounts

PROJECTS

Marketing Attribution Dashboard May 2026

GA4 · Multi-Touch Attribution · Data Visualisation · Next.js · React

- Consolidated \$1.2M+ in ad spend across 5 channels (Google Ads, Meta, SEO, Email, Referral) into a unified attribution model — identified SEO as highest-ROAS channel at 6.1x and uncovered \$1,240 in wasted Meta spend with a modelled +\$2,700 net reallocation opportunity
- Standardised UTM tracking across 50+ campaigns and automated PDF reporting, cutting manual reporting time from 8 hours to 5 minutes; implemented first-click, last-click, and linear attribution models to surface true channel value

CRO Landing Page with GTM & GA4 Integration Apr 2026

HTML5 · CSS3 · JavaScript · Google Tag Manager · GA4 · Lighthouse

- Achieved 100% campaign-to-lead attribution by implementing GTM event tracking and automated UTM capture on a mobile-first CRO landing page; optimised page load speed by 40% and reduced LCP by ~1.6s to improve conversion potential
- Validated technical SEO and performance benchmarks using Lighthouse, ensuring the page met Core Web Vitals thresholds for search discoverability

AI Content Efficiency Tool May 2026

Next.js · React · Vercel · LLM API Integration

- Deployed a web app (claude-token-optimization.vercel.app) that converts raw marketing files into LLM-optimised format, reducing AI content production costs and enabling marketers to preview token usage before API submission
